

**BILLING CODE 3510-22-P**

**DEPARTMENT OF COMMERCE**

**National Oceanic and Atmospheric Administration**

**50 CFR Part 679**

**[Docket No. 140918791-4999-02]**

**RIN 0648-XD929**

**Fisheries of the Economic Exclusive Zone Off Alaska; Groundfish Fishery by Non-Rockfish Program Catcher Vessels Using Trawl Gear in the Western and Central Regulatory Area of the Gulf of Alaska**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; closure.

**SUMMARY:** NMFS is prohibiting directed fishing for groundfish, other than pollock, by non-Rockfish Program catcher vessels using trawl gear in the Western and Central Regulatory Areas of the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the 2015 Chinook salmon prohibited species catch limit established for non-Rockfish Program catcher vessels using trawl gear and directed fishing for groundfish, other than pollock, in the Western and Central Regulatory Areas of the GOA.

**DATES:** Effective 1200 hours, Alaska local time (A.l.t.), May 3, 2015, through 2400 hours, A.l.t., December 31, 2015.

**FOR FURTHER INFORMATION CONTACT:** Josh Keaton, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2015 Chinook salmon prohibited species catch (PSC) limit for non-Rockfish Program catcher vessels directed fishing for groundfish, other than pollock, using trawl gear in the Western and Central Regulatory Areas of the GOA is 2,700 Chinook salmon (§ 679.21(i)(3)(i)(C)).

In accordance with § 679.21(i)(7), the Regional Administrator has determined that the 2015 Chinook salmon PSC limit established for non-Rockfish Program catcher vessels directed fishing for groundfish, other than pollock, using trawl gear in the Western and Central Regulatory Areas of the GOA has been reached. Therefore, NMFS is prohibiting directed fishing for groundfish (except for pollock) by non-Rockfish Program catcher vessels using trawl gear in the Western and Central Regulatory Areas of the GOA.

#### **Classification**

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such a requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent

NMFS from responding to the most recent fisheries data in a timely fashion and would delay closing directed fishing for groundfish, other than pollock, by non-Rockfish Program catcher vessels using trawl gear in the Western and Central Regulatory Areas of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of April 30, 2015.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.21 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 1, 2015

---

Emily H. Menashes,  
Acting Director,  
Office of Sustainable Fisheries,  
National Marine Fisheries Service.
